□ A_____appliance (specific name)

Signature of referring physician:

_____

***As a physician, I deem this therapy to be medically necessary.**

Date:_____

Obstructive Sleep Apnea is a medical condition that tends to become more severe with time, and requires periodic re-evaluation by a qualified physician.
Oral Appliance Therapy is less effective in controlling this disease than CPAP, and patients referred for this therapy may need to explore additional options of treatment if the appliance alone is deemed to provide suboptimal management of the sleep apnea.
Copies of Sleep Studies with full report are required by Dr. Demko for appropriate care and to obtain medical insurance coverage.

Original Prescription MUST be mailed or delivered to Dr. Demko
